CAREER OBJECTIVE

Aspiring Full Stack Developer with hands-on internship experience in building responsive web applications using modern technologies. Eager to contribute to dynamic tech teams and develop scalable, efficient software. Passionate about clean code, learning, and continuous improvement.

TECHNICAL SKILLS

Tailwind CSS	Python	MySQL	Team coordination	Front-End	Collaboration
Rest APIs	React.js	Git	Communication	HTML	JavaScript
Node.js	Bootstrap	Npm	Problem solving	CSS	Backend

EXPERIENCE

Full Stack Web Development Internship	Aug 2023 - Feb 2024
---------------------------------------	---------------------

- Built and maintained responsive web applications using React.js, Node.js, Express, and MongoDB.
- Integrated APIs and implemented backend logic to support front-end functionalities.
- Used Git for version control and collaborated with team members via GitHub.
- Improved UI responsiveness and optimized load times through modular code and Tailwind CSS.

PERSONAL PROJECTS

Social Media Management App	Oct 2023 - Dec 2023
-----------------------------	---------------------

- Developed a dashboard to manage multiple social media accounts from one interface.
- Implemented scheduling, posting, and analytics features using React, Node.js, and MongoDB.

AI Virtual Mouse Using Hand Gestures	Jan 2024 - Mar 2024
--------------------------------------	---------------------

- Designed a system using Python and OpenCV to control a virtual mouse through webcam-based hand gestures.
- Enabled click and cursor movement without touch, showcasing computer vision application.
